CASTELVETRO S THEORY OF POETRY (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The mentality of Lodovico Castelvetro has been -the subject of continuous admiration from his own time to the present. There has been less willingness since the time of Vico to credit him with much else. De Sanctis, who read him a half century and more ago, did not reconstitute his personality. From America, in fact, came, in the work of Spingarn, the first definite appreciation of Castelvetro s real distinction. Croce, Cavazzuti, Bertoni, Vivaldi, and Trabalza have taken up successively his case. To-day we may say that his work is present in all essential traits before us. As a commentator on Aristotle s Poetics, Castelvetro stands out in modern times with Butcher and St. Hilaire. In certain details he sees the real import of Aristotle s ideas more clearly than Aristotle himself; in every respect he has a juster notion of the Poetics than all of his contemporaries. In aesthetic theory itself Castelvetro s case seems irretrievable. He never attained to solid fundamental principles; he fluctuates and gropes, showing moments of keen vision and moments of absurdity. Here he is extraordinarily interesting, and that is all, in relation to many specific problems of literary history. When we pass to philology, on the other hand, the situation is different. It is not enough to recognize him as the greatest of his period; he leads in this department not only his own age, but all before the rise of modern philological science in the nineteenth century. At the base of his method lie the two foundations of phonetics and, in morphology, of analogy. Leaving aside the capricious guesses of his contemporaries in. etymology, he lays Vulgar Latin at the basis...
