

## Making Science Accessible to English Learners, Grades 6-12: A Guidebook for Teachers

By John Carr

WestEd. Paperback. Book Condition: New. Paperback. 132 pages. Dimensions: 10.7in. x 8.3in. x 0.4in. This updated edition of the bestselling guidebook helps middle and high school science teachers reach English learners in their classrooms. The guide offers practical guidance, powerful and concrete strategies, and sample lesson scenarios that can be implemented immediately in any science class. It includes Rubrics to help teachers identify the most important language skills at five ELD levels; Practical guidance and tips from the field; 7 scaffolding strategies for differentiating instruction; 7 tools to promote academic language and scientific discourse; Assessment techniques and accommodations to lower communication barriers for English learners; 2 integrated lesson scenarios demonstrating how to combine and embed these various strategies, tools, techniques, and approaches; And much more. The volume is designed for teachers who have had limited preparation for teaching science in classrooms where some students are also English learners. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

### Reviews

*This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Brennan Koelpin**

*Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*
