

The Relations of Railroads to the Public (Classic Reprint) (Paperback)

Filesize: 4 MB

Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Juliet Mertz)

THE RELATIONS OF RAILROADS TO THE PUBLIC (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Relations of Railroads to the Public Question 1. Do you regard the establishment and maintenance of lower rates between ports in Europe and points in the interior of the United States than the combined ocean rate from the foreign port to New York, and the railroad rate from New York to the interior point, as in the nature of an unjust discrimination; and, if so, what measures, in your opinion, should be adopted for preventing it? Answer. I regard the establishment and maintenance of lower rates between ports in Europe and points in the interior of the United States than the combined ocean rate from the foreign port to New York and the rail rate from New York to the interior points as an unjust discrimination, for the reason that the two methods of transportation are entirely separate and distinct from each other, bulk having to be broken and the goods handled at the end of the ocean voyage in any event. There can be no more economy of transport by making a through rate in Liverpool to Chicago, via New York or any other port, than there is in making the ocean rate separately and allowing the railroad lines to make the rate from the seaboard to Chicago. This, of course, is under the supposition that in both cases the goods are transferred from the ship to the car in the same manner, whether on a through bill of lading or not. In 1877, from January until September, through freights from Liverpool to the West on fourth-class goods were carried at 12 shillings and sixpence net per ton, equal to 13\$ cents per...
