# BASIC AND APPLIED ASPECTS OF BIOPESTICIDES

Springer-Verlag Gmbh Aug 2014, 2014. Buch. Book Condition: Neu. 261x179x27 mm. Neuware - Currently, the major challenge of humanity is focused on population growth through agricultural production in order to meet the demand for food. The food crunch is mainly due to pest and disease. Traditional methods, synthetic insecticides and microbicides cause health hazards to human beings, domestic animals and also affect our immediate environments. Serious concerns were implemented by both developing and developed countries as Integrated Pest Management (IPM)...

## Reviews

---

*Complete information for publication enthusiasts. It is really basic but shocks inside the fifty percent of your book. I am just delighted to let you know that this is basically the finest book i have read through in my individual lifestyle and might be he best pdf for actually.*

**-- Elena Runolfsdottir Sr.**

*A new e book with a brand new standpoint. I am quite late in start reading this one, but better then never. I discovered this ebook from my i and dad advised this publication to understand.*

**-- Jada Franecki II**
