Laitman Kabbalah Publishers. Paperback. Book Condition: new. BRAND NEW, Kabbalah, Science and the Meaning of Life: Because Your Life Has Meaning, Rav Michael Laitman, Science explains the mechanisms that sustain life; Kabbalah explains why life exists. In Kabbalah, Science and the Meaning of Life, Rav Michael Laitman, PhD, a kabbalist and a scientist, combines science and spirituality in a captivating dialogue that reveals life's meaning. For thousands of years kabbalists have been writing that the world is made of a single entity divided into separate beings. Today the cutting edge science of quantum physics states a very similar idea: that at the most fundamental level of matter, we are all literally one. Science proves that reality is affected by the observer who examines it. And so does Kabbalah. But Kabbalah says more: even the Creator of reality is found within the observer. In other words, God is inside of us, he doesn't exist anywhere else. When we pass away so does he. These earthshaking concepts and more are eloquently introduced so that even readers uneducated in Kabbalah or science will easily understand them. Therefore, if you're just a little curious about why you are here, what life means, and what you can do to enjoy it more, this is your book.
