Xulon Press. Paperback. Book Condition: New. Paperback. 302 pages. Dimensions: 8.5in. x 5.5in. x 0.7in. In *The Secret to Finishing Well*, Agitu Wodajo spotlights the differences in leadership between her native country, Ethiopia and the United States of America. Having lived in two very different continents and traveled the world, her rich and varied experiences lend unique insight into national policy and leadership styles that shape governmental decision making. In this book, Agitu encapsulates what Christianity means in the overarching timeline of human history as it relates to our rights and responsibilities. This book is an interesting mix of different types of narratives spiritual tenets, the logic of human rights, the inspiration of serving others, global events and the current state of our society. This mix comes together very well and sets the book apart because its not easily boxed into one category of non-fiction. The history that the author has chosen to include is relevant, succinct and interesting for any reader who really isnt a fan of history or doesnt easily see how it relates to today. I believe this book will be educational for the...
