Advances in Culture, Tourism and Hospitality Research (Hardback)

By -

Emerald Group Publishing Limited, United States, 2008. Hardback. Book Condition: New. 232 x 146 mm. Language: English . Brand New Book. This volume provides useful answers to the following questions: how do tourists go about seeking high novelty and yet return to the same destination year-after-year? How do some firms in the same industry end up embracing industrial tourism while other firms reject such business models? What simple and complex heuristics do freely-independent-travelers apply pre-trip and during the trip in deciding where to go and what to do? What metrics are useful for measuring the impact of activity-focused tourism on the well-being of regional areas? How do executive leadership styles affect employee satisfaction in international tourist hotels? What action and outcome metrics are useful for measuring performance management auditing and destination marketing organization planning and implementing? In terms of the first question, research on tourists risk-handling behavior provides a useful framework for explaining their novelty seeking proneness. The first paper of the volume provides a complete research report on how tourists risk-handling behavior explains contingencies in novelty seeking regarding repeat visits to a given destination. How executives process industrial tourism models depends on whether or not they view such enterprise development...

Reviews

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.
